The Anna I. McPherson Lectures in Physics 2007

Public lecture:
**Bose-Einstein condensates - the coldest matter in the universe**
**Thursday, March 1st, 18:00**
Leacock Building, 855 Sherbrooke Street West, Room 132

Scientific lecture:
**New forms of quantum matter near absolute zero temperature**
**Friday, March 2nd, 15:00**
Strathcona Anatomy and Dentistry Building, Room M1

Wolfgang Ketterle
Nobel Prize in Physics 2001

John D. MacArthur Professor of Physics
Massachusetts Institute of Technology
